SALES:

I Sales figure arrived at by subtracting, in tons, sinkings and other losses from total inventory purchase figure using net figure thus obtained to arrive at Net Sales. Amounts recovered on sinkings then added, in dollars, to offset purchase included in procurement costs.

(1) Sold at cost for Crushing Projects. Includes estimated amount covering Toll Crushing Projects. Value obtained by taking total net tonnage crushed on toll basis at \$155.00 per long ton. Should be no profit or loss when all balances and payables closed out other than \$101,229.69 representing loss on uninsured sinking.

(2) Not sold. Will be crushed. Quantity and value of yield doubtful. Costs used here although a loss is likely.

(3) Book figure, unadjusted as of 12/31/43.

(4) Average sales price as of 12/31/43 \$300.00 per long ton. Inventory balances remaining as of that date plus acquisitions not transferred to USCC closed out subsequently at \$157.00 per long ton. This will materially effect overall loss on this commodity.

(5) \$102.00 per long ton used. Sales include recovery on sinking.

(6) Average sales price of 8.45¢ per pound used. Sinkings included at amount recovered.

(7) Large balance still unsold. Sales value of 11¢ per pound used.

(8) Bulk of Copra sold for crushing projects. \$110.00 per long ton sales value used profit on sale of oil will offset this loss.

(9) Bulk of purchases unsold 12/31/43. Sales value of 8 7/8¢ per pound used.

(10) Sold to Canada at cost.

(11) Sales value of 14¢ per pound. Sinking included at amount recovered.

(12) Sales value of 7 3/4¢ per pound.

(13) Sales value of 17¢ per pound used.

(14) Sales value of 10¢ per pound used.

(15) Sales value of \$3.05 per bushel of 56 pounds used.

(16) Sales value of 14¢ per pound used.

(17) Transferred to Crushing Project at cost. Loss on uninsured sinking.

(18) Sales value of 15¢ per pound used.

(19) Sales value of 18¢ per pound used.

(20) Transferred to Crushing project additional loss of \$12,780.63 on uninsured sinking.

(21) Sales value of 8.32¢ per pound. Amount recovered from sinking included.

(22) Sales value of 11.56¢ per pound. Sinking included.

(23) No Sales. Value of 10¢ per pound used.

(24) Sales value of 8.90¢ per pound used.

(25) Sales value of 15 1/2¢ per pound used.

(26) Not sold to be crushed. Cost used here

(27) Sales value of 7 1/2¢ per pound used.

(28) Sales value of 14¢ used.

(29) Sales value of 7 3/4¢ per pound used.

(30) Sales value of 8 1/2¢ per pound used.

(31) Transferred at cost to Crushing Project.

(32) Sales value of 36¢ per pound used.

(33) Sales value of 9.35¢ per pound used.

PROCUREMENT COSTS:

(34) Includes Tonga Island and British Samoa.

(35) Does not include expenses of Thorshammer 1943 Expedition.
